We have audited the accompanying financial statements of WJ Lynch Investor Services, LLC which comprise the statement of financial condition as of December 31, 2014, and the related statements of operations and members's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. WJ Lynch Investor Services, LLC's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of WJ Lynch Investor Services, LLC as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Supplemental information included in the Schedule I, Computation of Net Capital Under Rule 15c3-1, Schedule II, Computation for Determination of Reserve Requirements Under Rule 15c3-3 (exemption), and Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption) has been subjected to audit procedures performed in conjunction with the audit of WJ Lynch Investor Services, LLC's financial statements. The supplemental information is the responsibility of WJ Lynch Investor Services, LLC's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1 - Summary of Significant Accounting Policies

Business Operations

WJ Lynch Investor Services, LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is also a member of the Financial Industry Regulation Authority ("FINRA"). The Company markets and sells bank-owned and corporate-owned life insurance portfolios and consulting services on executive benefit programs to its institutional clients.

The Company is a limited liability corporation located in Massachusetts and is a wholly owned subsidiary of WJL Associates, Inc. (the "Parent").

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The actual outcome of the estimates could differ from the estimates made in the preparation of the financial statements.

Cash and Equivalents

For financial statement purposes, the Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable represents amounts due from commissions and consulting fees earned by the Company. No allowance has been provided for accounts receivable because management believes all amounts are collectible.

Income Taxes

The Company is organized as a limited liability company. Accordingly, no provision or liability for Federal or state income taxes is reflected in the accompanying financial statements; instead, the net income or net loss is allocated to the member and is included on the member's income tax returns and subject to income taxes accordingly.

Notes to the Financial Statements

December 31, 2014

Note 1 - **Summary of Significant Accounting Policies - Continued**

Revenue Recognition

Substantially all revenues are generated through commissions earned on the sale of insurance products. Commissions are recorded when persuasive evidence of an agreement exists, services have been rendered or delivered, amounts due are fixed or determinable and collection is reasonably assured.

Advertising

The Company charges the cost of advertising expense as incurred.

Fair Value of Financial Instruments

The Company's financial instruments consist principally of cash and cash equivalents, accounts receivable and accounts payable. Estimated fair values of amounts reported in the financial statements have been determined using available market information and valuation methodologies, as applicable. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company believes the recorded values for accounts receivable and accounts payable approximate current fair values as of December 31, 2014 because of their nature and durations.

Note 2 - **Related Party Transactions**

Shared Expense Allocation Agreement

Through an agreement with the Parent, the Company is allocated certain operating expenses including occupancy, professional services, communications and data processing, advertising and employee benefits. The Company incurs 70% of the shared expenses and the Parent incurs 30% of the expenses. As of December 31, 2014 the amount of shared expenses included in operating expenses was approximately \$2,889,000.

Concentration of Risk

The Company maintains cash balances at a financial banking institution, and at times during the year these balances exceeded the Federally insured limit. Management monitors the financial condition of this banking institution, along with its balances in cash, to keep this potential risk at a minimum.

Subsequent Events

The Company has evaluated subsequent events through the date the financial statements were issued.

Note 4 - **Indemnifications**

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused the breach of those representations and warranties. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The Company's maximum exposure under these arrangements cannot be known; however, the Company expects any risk of loss to be remote.
